There are interdisciplinary skill development courses already in the syllabus taught at present and can be extended if required.

Keeping in view the problems faced by the students coming from weaker section of the society, who are not equipped with computer knowledge and skills, the college had already setup some short - term courses at the Vidyasagar College Computer Centre: a compulsory General Computer Awareness Course for all the students. In addition, some short-term job-oriented diploma and certificate courses are also offered to equip students for Government jobs and jobs in private sector.

The college has already adapted many interdisciplinary topics in the curriculum of many subjects as per the CBCS syllabus introduced in 2018. In its mission for introducing many more multidisciplinary subjects, the institution tries to identify the program learning outcome of every course that defines the knowledge, skills and values to be achieved by the learners, such that each program can achieve its goal. In this regard the college organizes seminars and lectures by resource persons to inculcate basic scientific knowledge and social values among students and teachers.

The institution under the present CBCS system, offers flexible and innovative curricula for the subjects presently taught, as far as practicable, to cater to the flexible delivery criteria.

In accordance with the ideals set by the founder, Pundit Iswarchandra Vidyasagar, the progressive educationist and social reformer, the college continues to make available special welfare and aid and support to students from backward and deprived sections of the society as well. It seeks to provide an environment of learning which is beyond the boundaries of cast, religion and gender.

The syllabus presently followed under the CBCS curriculum includes skill enhancement courses(SEC) and discipline specific elective courses(DSE) in different semesters, to enlighten students in specific important applications of courses, which is very relevant in the present day context.

It is true that knowledge is a life-long activity and apart from good qualities, a positive attitude needs to be inculcated among students for this which will lead them to a successful future life. Hence education need to be outcome based, and ability to interpret, analyze, evaluate and develop sense of responsibility are the key-factors towards successful and effective citizenship.

This is the focus of a programme outcome of every syllabus designed.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

VISION

The genesis of Vidyasagar College is a momentous event in the National history of India, as Pundit Ishwarchandra Vidyasagar - the torch bearer of Indian Renaissance, took place in 1872 in the form of the Metropolitan Institution.

In this backdrop he set out to form a college that was to run by the natives, with no help from the ruling British in shape or form. This college is the first in India under the British yoke to be run entirely indigenously - the first attempt to free ourselves, in thought and practice - the first cry of freedom.

The ideals set by the Pundit, to provide the best education possible to students coming from diverse backgrounds and promote higher education as a part of his philanthropic social reform program, the college continues to make available special welfare and aid to backward and deprived sections of the society, aiming to provide an environment of learning beyond boundaries of cast, religion and gender.

MISSION

The mission of Pundit Iswarchandra Vidyasagar was to establish a completely national educational institution in the growing metropolis of India.

Keeping in mind the rich and varied past the college hopes to inculcate among students values of generosity and warm fellow feeling and finally to create a program of actual human resource development, deploying social justice and ensuring equity.

As the institution believes on the participative and democratic principle of management, it frames all its plans and policies in consultation with GB, IQAC and other committees. All staff members are involved in different committees. All staff members are involved in different committees along with students' representatives.

Total decentralization of the administrative system is done by the formation of several committees and sub-committees for overall management of the admission, conduction of examinations, extension activities, sports, etc. These committees under one/two faculty members as convener(s) are kept functional and review the situations periodically. Students are active participants in all these committees as a member of Students' Union.

Institution ensures involvement of all stakeholders for effective improvement of the quality of the institution, internal coordination and monitoring mechanism.

All academic endeavors: admission, class, examinations, evaluation, webinars were continued in online mode during this year.

DISTINCTIVENESS OF INSTITUTION

The genesis of Vidyasagar College is a momentous event in the national history of India, as its founder- the torch bearer of Indian Renaissance, Pundit Ishwar Chandra Vidyasagar initiated in 1872. His mission was to form a college: run by natives, with no help from the ruling British as the first cry of freedom. In accordance to His ideals set in the motto: knowledge, sacrifice and service, the college aims to provide the best education possible to students coming from diverse backgrounds. As the founder sought to promote higher-education as a part of his social reform program, the college continues to provide special welfare and aid to backward and deprived sections of the society.

They are offered guidance and suggestions to help them solve problems and encouraged to acquire high academic standards. They are made aware of their moral responsibilities and strengthened to surmount the evils of irrationality and intolerance. The foremost mission of the college is to unite inquisitiveness and religious search for perfection in the realm of knowledge, with tenderness and sympathetic warmth of the Indian heart. The college hopes to inculcate among students through years, values of generosity and warm fellow feeling and finally create a programme of actual human resource development, deploying social justice, ensuring equity and fostering competence amongst students. The college endeavors to produce skilled professionals who can engage in the task of improving the world around them socially and economically.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

VISION

The genesis of Vidyasagar College is a momentous event in the National history of India, as Pundit Ishwarchandra Vidyasagar - the torch bearer of Indian Renaissance, took place in 1872 in the form of the Metropolitan Institution.

In this backdrop he set out to form a college that was to run by the natives, with no help from the ruling British in shape or form. This college is the first in India under the British yoke to be run entirely indigenously - the first attempt to free ourselves, in thought and practice - the first cry of freedom.

The ideals set by the Pundit, to provide the best education possible to students coming from diverse backgrounds and promote higher education as a part of his philanthropic social reform program, the college continues to make available special welfare and aid to backward and deprived sections of the society, aiming to provide an environment of learning beyond boundaries of cast, religion and gender.

MISSION

The mission of Pundit Iswarchandra Vidyasagar was to establish a completely national educational institution in the growing metropolis of India.

Keeping in mind the rich and varied past the college hopes to inculcate among students values of generosity and warm fellow feeling and finally to create a program of actual human resource development, deploying social justice and ensuring equity.

The genesis of Vidyasagar College is a momentous event in the national history of India, as its founder- the torch bearer of Indian Renaissance, Pundit Ishwar Chandra Vidyasagar initiated in 1872. His mission was to form a college: run by natives, with no help from the ruling British as the first cry of freedom. In accordance to His ideals set in the motto: knowledge, sacrifice and service, the college aims to provide the best education possible to students coming from diverse backgrounds. As the founder sought to promote higher-education as a part of his social reform program, the college continues to provide special welfare and aid to backward and deprived sections of the society.

They are offered guidance and suggestions to help them solve problems and encouraged to acquire high academic standards. They are made aware of their moral responsibilities and strengthened to surmount the evils of irrationality and intolerance. The foremost mission of the college is to unite inquisitiveness and religious search for perfection in the realm of knowledge, with tenderness and sympathetic warmth of the Indian heart. The college hopes to inculcate among students through years, values of generosity and warm fellow feeling and finally create a programme of actual human resource development, deploying social justice, ensuring equity and fostering competence amongst students.
