1 President's Message

I am very glad to know that Vidyasagar College will be celebrating its Annual Day on 26th September, 2018.

This highly renowned and prestigious institution has always nurtured young, talented minds and has played a pivotal role in shaping their academic life in each and every possible way. Many meritorious and esteemed students are successfully proving their mettle and striving for the best all across the globe.

The postgraduate departments of both Zoology and Geography are successfully running under the curriculum of the University of Calcutta. The faculty and students of all disciplines perform with brilliance and excellence in all the academic and nonacademic fields.

I extend my good wishes for the further progress and development of this institution.

Professor Jiban Mukhopadhyay
President
Governing Body
Vidyasagar College
Kolkata

2 Foreword

It gives me immense pleasure to introduce the Annual Report of the session 2017-18 of Vidyasagar College, significantly named SPECTRUM.

Like the iridescent hues of the seven colours of the spectrum which merge to create white light, Vidyasagar College is a living testimony to the changes in our history. Set up as a private college in 1872 as an indigenous enterprise for fostering education which was solely run by Indians, it has tried to match the tireless zeal for perfection sought by its august founder, Pandit Iswar Chandra Vidyasagar. Thousands of students have walked out of its hallowed portals to achieve success in their lives and careers. The college is well-known for its rich and glorious legacy which has significantly contributed to the spread of education and has been in the forefront of intellectual academic arena of the University of Calcutta for over a century and more.

The college has seen the birth of a new nation, witnessed the pains of partition, the emergence of a turbulent restive period as well as the dawn of a new millenium as it has nurtured young minds to seek the truth as knowledge. It is this quest for knowledge that has attracted dynamic minds to adopt new processes of learning and pursue them wholeheartedly to gain not only meaningful employment but also fulfil their social responsibility with a touch of humanism.

This has been made possible because of solidarity and trust which has resided between the stakeholders of the college. The Administration, teachers, educational employees and most importantly our students who are part of this social institution shall continue to lead the college well into the twentyfirst century with its new challenges and new complexities to fulfil the goals of our founder - *Service and Compassion, Dedication and Enlightenment.*

Dr. Gautam Kundu
Principal

3 Vidyasagar College at a Glance

Total No. of actual teaching days during the academic year: 203 days

Office of the Principal

The head and the heart of the college administration, the office plays a vital role in day to day management and functioning of our college. It has to serve both the sections of this college simultaneously, catering to a large number of students and to the employees.

Day after day the nature and volume of the job the office has to handle is changing, and accordingly the staff are also trying their level best to maintain the quality of their services. As far sincerity, responsibility and trust worthiness is concerned, each and every staff member of the office is above question. We can justly take pride in it.

Quality of the work is appreciated often in several issues by different Government departments. The college has been awarded 2nd place in *Kanyasree Prokolpo* by the State Government among the colleges in West Bengal. In each visit of NAAC, the office got a satisfactory result and the appreciation of the NAAC peer team.

Presently most of the official work is computerised. To extend better service within a stipulated time and to maintain large number of various records and data, customised software relating to different kind of jobs are being used for a long time.

It can be easily said that collective efforts, innovative thoughts and mainly the fellow feeling among the staff in the common interest relating to providing better service to the concerned person is the key point of our office.

27 Student Activities

The Students' Union of the college organized a Blood Donation Camp.

The students also make use of gymnasium facilities on campus.
